New ESMS Course Available

2025-07-30 - Mark Fisher - Comments (0) - General

The SMS TCX Learning Management System is happy to let all users know there is new ESMS Course available (Home | SMS - TCX - LMS).

In order to access any content, users will be required to create an account.

The ESMS Course is available for self-enrollment as of today! Users can enroll and learn all about the capabilities of the new enterprise system.

In this course, users can get an overview of the new system, along with a BUILDER to ESMS crosswalk in order to compare the two systems and see how they operate.

Additionally, there is an overview of the SMS Process (Inventory - Assess - Forecast - Plan - Analyze) and how that fits into ESMS.

Please let us know what topics you would like to see covered next, as well as any feedback that you would like to provide.
