**Question:**

What if the building is going to be demolished, transferred, or vacant?

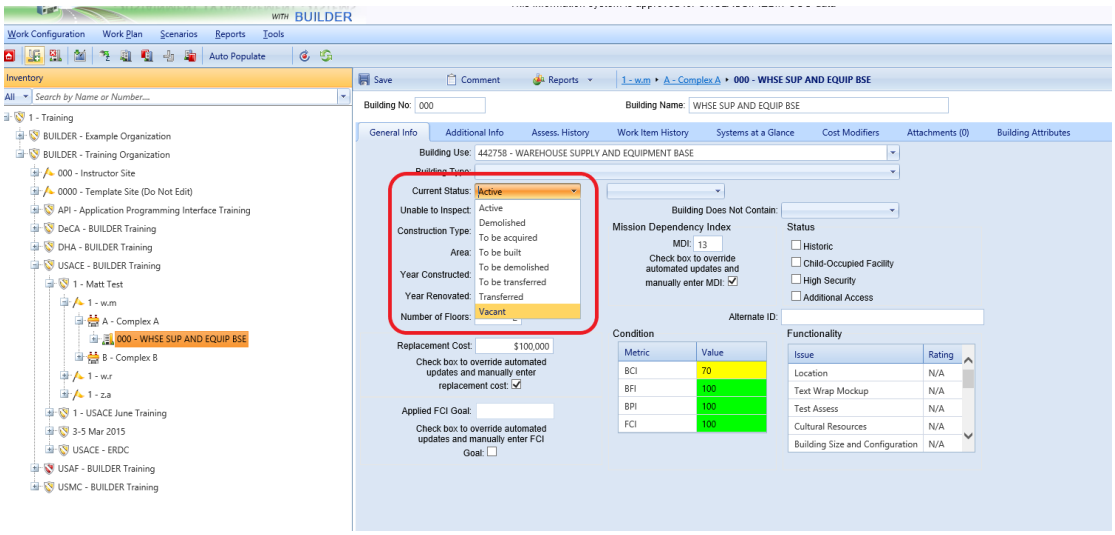

**Answer:**

If the building's "Current Status" changes from Active to any of the following:

- Demolished,
- To be acquired,
- To be built,
- To be demolished,
- To be transferred, or
- Vacant

You can designate this change by selecting the building, going to the General Info tab on the right-side pane of the page and selecting from the drop down menu under Current Status.

See attachment for more information of where this drop-down menu is located.
