Due to extenuating circumstances, the **2026 Sustainment Management System (SMS) Summit** will no longer be held as scheduled on August 4-6, 2026. We apologize for any inconvenience. For information on other Federal Facilities Council activities, please contact Rebecca DeBoer (RDeBoer@nas.edu).

CERL will be working to get a virtual option for the Summit tentatively scheduled in September 2026. The exact date is pending confirmation from CERL management and once we have a firm date we will update all interested customers here on this notifications page. For any additional information on this matter, please contact Arthur White, Jr. (arthur.white@usace.army.mil).
