The FY26 SMS Summit has been rescheduled to 1-2 SEP, 2026 and will transition to a fully virtual format hosted by the SMS-TCX. Please hold these new dates on your calendar.

You can expect a follow-up communication in the coming weeks with the official agenda, speaker lineup, and instructions for how to register. Updates and information will also be posted in the SMS Helpdesk News Center.

Thank you for your flexibility, continued dedication, and support of the SMS mission. We look forward to connecting online this September.
