Characters Not allowed in BUILDER

Paul Paisley - 2019-04-03 - Comments (0) - BUILDER

Question: Are there any special characters that are not allowed in BUILDER for naming sites, complexes, sections?

Answer: Yes the following characters are not allowed:

Single quotes, double quotes, ampersands, backslash, block open and closed parenthesis, greater than and less
than signs. The characters, respectively, look as follows:

*
 &
