How do I copy the inventory of one building to another?

Paul Paisley - 2025-01-10 - Comments (0) - Frequently Asked Questions

Question: I have buildings that have the same systems, components, component-section. I could save a lot of time by copying the inventory from one building to another.

Answer: Use the "Copy Inventory to Another Building". Please see attachment for more details on completing this procedure. You can also copy to a "new" building.
