SMS Virtual Summit 2026 Items are Available for Download

2026-09-14 - Brandon Athey - [Comments \(0\)](#) - [General](#)

SMS Training Site users can now access the recordings for the 2026 SMS Virtual Summit, as well as the related presentation slides and Executive Summary, via a course on the SMS Training Site at <https://training.sms.erd.c.dren.mil/course/view.php?id=13>

Users who do not have an SMS Training account can create one at <https://training.sms.erd.c.dren.mil/login/index.php>

Most new users should be able to self-register for this course. However, users can contact the [SMS Helpdesk](#) if they have any questions.

The screenshot shows the user interface of the SMS Training Site. At the top, there is a navigation bar with links for Home, Dashboard, and My courses. Below this is a course-specific navigation bar with links for Course, Settings, Participants, Grades, Reports, and More. The main content area is titled "2026 Sustainment Management System (SMS) Virtual Summit". It includes a description of the summit as a two-day virtual event providing updates on SMS software development efforts, application usage and implementation across federal facilities, and on-going and upcoming research in SMS work. Below the description, there is a section titled "Welcome, Agenda Overview, and Introductory E-SMS Demonstration" with a "Collapse all" button. A video player is embedded in this section, showing a thumbnail for the "SUSTAINMENT MANAGEMENT SYSTEM (SMS) SUMMIT 2026" with the dates "September 1st-2nd, 2026" and "Starting 0800 Central". The video player also displays logos for the U.S. Army, U.S. Navy, and ERDC.
